

## Airport Manager, Shoshone County

### General Purpose

Shoshone County is accepting applications for the position of Airport manager. This **part-time** position performs a variety of general and skilled duties as needed to ensure timely maintenance, repair and upkeep of airport runways, associated pavements, and airport property grounds, vehicles and buildings. It also supports daily operations of the airport through interacting with the FAA, the public, pilots and passengers. Position works under the supervision of the Board of County Commissioners. Prefer experience in airport operations and/or experience with aircraft ownership/piloting/flight experience.

This position has no salary but does offer a house on the airport grounds as compensation for part-time work. A full job description is available from the county upon request at [commsec@co.shoshone.id.us](mailto:commsec@co.shoshone.id.us).
