BOARD OF EQUALIZATION

HEARING RULES & PROCEDURES

Purpose of the Board of Equalization

- The Board of County Commissioner serves as a county Board of Equalization and is charged with the responsibility of equalizing value. The Board is to determine if the market value placed on your property is fair and accurate--not whether the tax is too high or if you can afford to pay the full amount on your property tax statement.
- The Board has until the 2nd Monday in July to complete decisions on equalizing assessments.
- If you do not agree with the Board of Equalization's decision, you can appeal to the State Board of Tax Appeals. Forms are available at the office of the Board of Commissioners and must be filed within thirty (30) days of your written decision notification.

Board of Equalization Hearing

- This is a quasi-judicial hearing and will be recorded as required by law. You will be sworn in to present testimony.
- The Chair of the BOE will open the hearing with instructions and preliminary comments. Participating individuals will be asked to introduce themselves and are typically sworn in together.
- The property owner (Appellant) will present first. You will be allotted approximately ten (10) minutes to present your factual data on comparable sales, demonstrating why you believe your property is assessed above market value. The property owner (or representative) has the burden of proof in seeking affirmative relief to establish that the determination of the assessor is erroneous.
- The Assessor or representative (Respondent) then presents their case with the same allotted time.
- Each party will then be offered the opportunity for a closing statement with the Property Owner going first and Assessor second.
- The Board will close the public part of the hearing and the Chairman will open the hearing for Board discussion. The Board will make a motion/decision and the hearing will be over.

Rules of the Hearing

- It is important that the hearing be formal and that all individuals conduct themselves professionally.
- No interruptions will be allowed. Parties are only allowed to speak when the Chair of the BOE indicates that it is their allotted time for presentation, questions or closing statements.
- Exhibits should be copied and distributed in advance of the meeting.
