A public meeting is intended to enable citizens an opportunity to view the decision-making processes of the governing body for a public entity. At times, the BOCC may enable the public to participate by providing comments they believe are pertinent to the BOCC's decision-making. When such opportunity is provided, citizens should closely adhere to the following guidelines:

1. A public meeting is not the forum which citizens should engage in argument or discussion with one another. If you intend to provide public comment, your comments and/or questions should be addressed to the Commissioners directly.
2. In order to provide uniformity within the meeting structure and ensure that all citizens are treated with equality while still maintaining punctuality within the county calendar, public comments will be limited to two (2) minutes per citizen.
3. Threats to others bodily harm have no place in public meetings and will not be tolerated during public meetings. In an attempt to maintain civility within the public forum, citizens should attempt to focus their comments on the performance, operations, or plans of the public entity as a unit of government.
4. In order to enable a fair opportunity for interested persons to anticipate what topics the BOCC may be receiving information on during a public meeting, comments from citizens should be limited to the topic listed on an agenda, except during the open comment period during weekly regular business meetings.
5. The BOCC's scope of authority is limited to those functions which the legislature has expressly authorized – It generally does not have the authority to exercise control over other elected officials or employees of other elected officials. If your comments relate to other elected officials or the operations of their departments, those comments should be submitted directly to the department for which your comments pertain.
